Dedication to Betty J. Stiles

If you had the occasion to go to the Selectmen's Office or to phone the office between 1979 and 1999 you were greeted by the friendly voice and smiling face of Betty Stiles.

Betty was born and raised in Franklin, New Hampshire. She graduated from Franklin High School and received her nursing degree from Peter Bent Brigham School of Nursing in 1951. Betty met her future husband, Gerry, at a square dance in Danbury in the early 1950's. They were married in 1954 and lived in Stoneham, Massachusetts, where they raised their 5 children. The Stiles moved to Grafton as part-timers in 1954 and eventually fulltime when they purchased their home on Tunnel Road in 1971. Gerry served as a Selectman in the mid seventies and it was then that Betty recognized her love of the town and its people.

Betty was employed as a registered nurse in the states of Massachusetts, Florida and New Hampshire. She worked for a short time as a school bus driver. Betty has worn many hats throughout the years. She has been involved in the Reading Grange, the Grafton *Focus*, the Ladies Benevolent Society, the local bingo group, a Supervisor of the Checklist for over 20 years, Trustee of the Trust Funds, an EMT (emergency medical technician) for 10 years and she was a member of the Grafton Volunteer Fire Department.

Betty enjoys hiking, camping, skiing, traveling, tending to her flower gardens, especially the beds that line her driveway, rock collecting and giraffe collecting. She has traveled extensively, largely due to the fact that her children have lived all across the United States and has enjoyed every minute of her travels.

Betty's love for her 5 children, their spouses and her 11 grandchildren, ranging in age 7 to 21 is evident to everyone who knows Betty. She loves it when they all converge on Tunnel Road, whether it is for a day or a week. They all bring her great joy!

Betty has enjoyed her years in Grafton, being involved politically and socially with it's people. She has enjoyed the solitude of the country, while always learning new ideas and ways, whether working as the Selectmen's Clerk or in any of her other Town roles.

**AUDITOR'S CERTIFICATE
FOR YEAR 2002**

This certifies that we have examined the records of the Tax Collector, the Town Clerk, the Selectmen's Clerk, the Recreation Committee, the Treasurer, the Cemetery Trustees, the Trustees of the Trust Funds and the Library Trustees. We have found these accounts to be complete and accurate.

While reviewing the accounts of the Trustees of the Trust Funds we note that the accounts are kept on a cash basis even though the funds are kept in securities. This means that changes in the market value of the securities are not recorded until the sale of the actual securities.

We conducted our examinations on a test basis. However, we believe that the data we examined was sufficient to give an opinion about the accuracy of the records.

We continue to be concerned about expenses being listed in the audit year that are for goods of services provided in the prior year. During our examination we found a statement for \$11,375.00 with no detailed backup attached. The only description was "Balance Due on winter sand." It appears to us that this amount should have been expensed during the previous year.

Another concern is that the Tax Collector's Property Warrants were not signed until December 31, 2002. This was after the due date for the collection of taxes. It should have been signed before the tax bills were sent out.

We wish to thank all the people we have worked with this year and let them know that we really appreciate their cooperation. Since this is her last year as Auditor, Rosalie would like to thank all the people she has worked with over the years and is very grateful for having had the opportunity to serve.

**SELECTMEN'S REPORT FOR THE
TOWN OF GRAFTON
2002**

It seems that 2002 went by in a blink, January 1st came and before we knew it, it was budget time. The Selectmen held a Public Hearing for the issuance of 911 numbers. Maps were made, numbers issued, new roads created and name changes to some of the old roads. This was a monumental task and any errors will be corrected as they are found. People moving into town constructing new homes can contact the Selectmen's Office for information or to pick up a form to be assigned a house number.

The Landfill Closure is well on its way. The limits of buried waste have been determined and test pits have been dug with 4 monitoring wells installed. There has also been a site history done. There are two rounds of water sampling during the testing phase. The first sample findings included small amounts of sulfur and manganese with a petroleum product found in well No. 3. The amounts are well below State standards and no ground or air pollution has been found at this time. A second set of samples will be taken in the spring. Federal regulations mandate that all landfills have a closure. A proposal of closure is being prepared for submission to the State in the near future. The estimated cost for landfill closures runs about \$125,000 per acre. The proposed estimate for our Landfill Closure is between \$150,000 and \$250,000 with the possibility that the Recycling Center will have to be moved to a new location.

Town maps were updated as part of the process of revaluation and about ½ of the households have been visited by Patriot Properties. Initial visits with outside measurements have taken place for all buildings within Town limits. Two rounds of notifications will be sent in order to reach those whose buildings have yet to be inspected. Before the 2003 Tax Bills are sent taxpayers will receive a booklet of new assessed valuations for each property. The States 600 Rules mandate that a revaluation will take place every 5 years it is important that we keep our values up to date and try to avoid such a large expenditure in the future. We are proposing to retain Patriot Properties in an ongoing effort to keep the town up to date and moving ahead. The revaluation ties directly into the Assessing Certification process the Town is currently in the middle of.

A phone was installed in the meeting room for the convenience of those meeting when the Selectmen's Office is closed.

Junk vehicles, general debris, road disputes and dogs were some of the issues dealt with this past year.

After many discussions, debates and design changes, Sargent Hill Bridge will finally be constructed this summer. An additional amount of funding has to be raised to complete this project. The new bridge will be in keeping with the Town's image and when it is completed the swimming hole will be the same (possibly better).

By November 2003 the Town has to have in place a Hazard Mitigation Plan in order to receive Federal Funding. A \$5,000 grant was received to help put the plan together. A Hazard Mitigation Committee was formed and they have been meeting regularly to be in compliance by the deadline.

It was a very busy year trying to keep up with State or Federal Mandates, the Dept. of Revenue Administration, State Certification, revaluation, Landfill Closure, bridge designs and the everyday workings of a small Town. "Thank You", to those of you who gave us a smile and a Thank You for a job well done, it made our job worthwhile.

COMMUNITY FOREST FIRE WARDEN AND STATE FOREST RANGER REPORT 2002

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests and Lands cooperate and coordinate to reduce the risk of wild land fires in New Hampshire. To help us assist you, contact your local Forest Fire Warden or Fire Department to find out if a permit is required before doing ALL outside burning. Fire permits are mandatory for all outside burning unless the ground where the burning is to be done (and surrounding areas) is completely covered with snow. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines up to \$2,000 and/or a year in jail plus suppression costs.

A new law effective January 1, 2003 prohibits residential trash burning (RSA 125-N). Contact New Hampshire Department of Environmental Services at (800) 498-6868 or www.des.state.nh.us for more information.

Help us to protect you and our forest resources. Most New Hampshire wildfires are human caused. Homeowners can help protect their homes by maintaining adequate green space around the house and make sure that the house number is correct and visible. Contact your fire department or the New Hampshire Division of Forests and Lands at www.nhdfi.org or 271-2217 for wildland fire safety information.

**VISITING NURSE ALLIANCE OF VT AND NH, INC
HOME CARE, HOSPICE AND FAMILY HEALTH SERVICES
REPORT FOR THE YEAR 2002**

Your Visiting Nurse Alliance services are like your police and fire departments. We are a vital part of your community safety net – with services that must be continuously available for you or anyone else who might need them – and the need can vary dramatically from year to year.

As a nonprofit agency, we are very appreciative of the continued support that the Town of Grafton provides to help us meet your residents' home care, hospice and family health service needs.

- Town funds enable your family, friends and neighbors to remain at home and to receive skilled clinical services during times of injury, recovery from surgery or accidents, disability, short-term and chronic illness. Town funds provide support and symptom control during terminal illness, community wellness and important assistance to families at risk.
 - Town funds help provide a comprehensive range of necessary care (determined by hospital discharge planners and attending physicians) for persons of all ages and economic backgrounds, including those who are unable to pay or who do not have adequate health insurance.

The Visiting Nurse Alliance of Vermont and New Hampshire provided the following services in the Town of Grafton this past year:

Visits (July 1, 2001 through June 30, 2002)

Skilled Nursing	156	Family Support Services	
Physical Therapy	40	Families Served	8
Speech Therapy	69	Individuals Served	31

**OFFICE ADMINISTRATION REPORT TO THE PEOPLE OF DISTRICT ONE
2002**

A new era is underway in the Executive Branch of your NH State Government, headed by Governor Craig Benson. I envision that his administration will be bringing new and innovative ideas of a modernized New Hampshire State Government, by utilizing tools of the new age of technology. This will bring enhanced services to the citizens and users of NH State Government. Through the many checks and balances of power at the State Capitol, Governor Benson will not go too slow or too fast.

I encourage citizens to contact Governor Benson and offer to serve on a Board of Commission. Each biennium more than 300 citizens are appointed to these public Boards. The address is: State House, 107 North Main St. Concord, NH 03301. The phone number is: 603-271-2121. A new administration is in Concord. Let's make very sure our region is a part of the Benson era of New Hampshire! For a listing of the Boards and Commissions under the authority of the Governor and Council, please visit the Secretary of State Web site at: <http://webster.state.nh.us/sos/> or call my office at 271-3632.

As Councilor, I will be conducting official tours with Commissioners and Directors of State Agencies all summer and fall of 2003. If you have a special event or project you would like a certain agency to visit or focus on, please let me know.

As Councilor, I will be holding official summer 2003 hearings on proposed changes to the NH Ten Year Highway Plan. All Town, Counties and Cities will be notified of this schedule of public hearings in your region. Please utilize your regional Planning Commission as a starting point for your transportation ideas and concerns. For detailed information on the Ten Year Highway Plan visit the Department of Transportation web site: <http://webster.state.nh.us/dot/>.

All citizens and public agencies should contact our NH Congressional Delegation and ask for more support from Washington, DC. New Hampshire ranks near the bottom of the list in monies returned back from the Federal budget.

For every dollar of taxation we sent to Washington we get back ONLY 71 CENTS! Let's send many lists to Senators Gregg, and Sununu, and Congressmen Bass and Bradley and give them a chance to do better!

Please keep in touch with my office. I am at your service.

UNH COOPERATIVE EXTENSION – GRAFTON COUNTY REPORT 2002

UNH Cooperative Extension provides New Hampshire citizens with research-based education and information, enhancing their ability to make informed decisions that strengthen youth, families and communities, sustain natural resources, and improve the economy.

Funded through the federal, state and county governments, UNH Cooperative Extension Educational programs are designed to respond to the local needs of citizens through direction and support of an elected volunteer advisory council. Each of the state's ten counties supports an Extension office.

Extension Advisory Council: Members include: W. Michael Dannehy, Woodsville; Jim Kinder, Haverhill; Alyssa Lucas, Woodsville; Tosona Melanson, Dorchester; Cindy Putnam, Piermont; Debby Robie, Bath; Ilse Scheller, Wentworth; Dave Thompson, Lincoln; Susan Tomasetti, Littleton; and Michael Townsend, Lebanon. The Advisory Council meets every other month.

Education programs and assistance are objective, informal and practical in nature; most are at no cost for participants. Client's needs are met through phone calls, letters and printed materials, hand-on workshops, on site visits, conferences and web sites. Media outlets help us reach one of every three county residents. Our staff is able to respond quickly with needed information via electronic mail, keep up-to-date on the latest research and information, and work collaboratively with many agencies and organizations.

Extension Staff: Tom Buob, Agricultural Resources; Ginny DiFrancesco, Water Quality; Kathleen Jablonski, 4-H Youth Development; Michael Lunak, Dairy Specialist; Deborah Maes, Family & Community Development; Northam Parr, Forest & Wildlife Resources; robin Peters, Nutrition Connections; and Jacqueline Poulton, LEAP Programs. Educators are supported by Donna Milton, Kristina Vaughan and Sharon Youngman.

New or enhanced efforts during FY01 (October 2001 through September 2002) include:

- 'Nutrition Connections' programs enrolled 164 low-income family members in programs to modify diet and food preparation, skills and behavior and improve nutritional health. 'Nutrition Connections' collaborated with and marketed programs through over 60 agencies, health clinics, schools, welfare offices and shelters.
- 4-H Leader Training for volunteers were held in gardening, public speaking, and water resources education. There are 102 active leaders in 4-H, including 16 new volunteers. 470 County youth participated in 4-H activities. There are currently 32 active clubs. Three Grafton Co. 4-H'ers received college scholarships/awards from local funds established for that purpose.
- Food safety certification programs were held in 8 communities, for food handling staff of nursing homes, schools, hospitals, senior centers and restaurants. About 70 participants passed the National SERVSAFE exam as a result. A Community Profile was held in Canaan. Land Conservation and Protection Workshops were held in Sugar Hill and Rumney.
- The LEAP program (Lifeskills for Employment, Achievement and Purpose) successfully 'graduated' eleven participants; seven have obtained full-time employment, three have earned GED's, two have completed CAN training, and six have enrolled their children in State Licensed Child Care.

- Thirty-eight Farm-Family participants completed Ag-Business courses in North Haverhill, a cooperative program with UVM that improves financial planning, accounting and management. More than 100 producers attended a West Lebanon conference on Dairy Management Practices with a focus on financial management and profitability. Also in West Lebanon, the New England Dairy Feed Conference focused on forage production and management.
- Current Use tax program information and assistance-including revised Forestland Stewardship criteria – was provided to communities, assessing officials and landowners through public meetings and direct consultation, to help keep this open-space incentive strong. Extension referrals to private sector licensed foresters resulted in new management plans on 15,000 acres, erosion control on 10 miles of roads and trails, and improved timber harvesting practices. The 15th Annual Grafton County Conservation Field Days at the County Farm taught 150 5th graders and their teachers about soils, water, wildlife, farm animals, forestry and gardening, just before black fly season!
- Grant-funded research projects included phosphorous and nitrogen application guidelines and vegetative buffer utility to protect water quality and farm profitability.

Extension Office Hours are Monday through Friday from 8AM to 4PM.

GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC.
ANNUAL REPORT 2002

Grafton County Senior Citizens Council, Inc. is a private nonprofit organization that provides programs and services to support the health and well being of our older citizens. The Council's programs enable elderly individuals to remain independent in their own homes and communities for as long a possible.

The Council operates eight senior centers in Plymouth, Littleton, Canaan, Lebanon, Bristol, Orford, Haverhill, and Lincoln and also sponsors the Retired and Senior Volunteer Program of the Upper Valley and White Mountains (RSVP). Through the centers and RSVP, older adults and their families take part in a range of community-based long-term services including home delivered meals, congregate dining programs, transportation, adult day care, chore/home repair services, recreational and educational programs, and volunteer opportunities.

During 2001, 41 older residents of Grafton were served by one or more of the Council's programs offered through the Mascoma Area Senior Center:

- Older adults from Grafton enjoyed 508 balanced meals in the company of friends in the center's dining room.
- The received 1,028 hot, nourishing meals delivered to their homes by caring volunteers.
- Grafton residents were transported to health care providers or other community resources on 243 occasions by our lift-equipped buses.
- They received assistance with problems, crises or issues of long-term care through 145 visits by a trained social worker.
- Grafton's citizens also volunteered to put their talents and skills to work for a better community through 408 hours of volunteer service.

The cost to provide Council services for Grafton residents in 2002 was \$14,690.00.

Such services can be critical to elderly individuals who want to remain in their own homes and out of institutional care in spite of chronic health problems and increasing physical frailty, saving tax dollars which would otherwise be expended for nursing home care. They also contribute to a higher quality of life for our older friends and neighbors. As our population grows older, supportive services such as those offered by the Council become even more critical.

Grafton County Senior Citizens Council very much appreciates Grafton's support for our programs that enhance the independence and dignity of older citizens and enable them to meet the challenges of aging in the security and comfort of their own communities and homes.
